MISSION RESTRICTED

AUTOMATED DATA PROCESSING SECURITY (ADP)

This document constitute the security Operations Procedures (SECOPS) for storing, processing and transmitting of classified MISSION SECRET (MS) information and below on the SEESIM 2018 networks.

1. Two separate information system platforms are available on the SEESIM 2018 exercise area; MJWC Internet Domain and SEDM Organization Portal platform.
2. The main ADP system for exercise is the SEDM Organization Portal. This portal with her services provides users to contact with all staff members in the Class I and II areas for all exercise locations.
3. MJWC Internet domain will be used on EXCON Main to access the SEDM Organization Portal.
4. All data stored or processed along with any outputs generated have to be treated as UNCLASSIFIED until determined otherwise by the originator of that document. **CLASSIFIED data will not be stored or processed on exercise platforms.**
5. Any suspicious situation or security incident must be reported to SEESIM 18 INFORMATION SYSTEMS SECURITY OFFICER (Capt. Alper SÜMER) immediately via telephone or e-mail.
6. Never share your password or user ID with other users or let another user use your network session you logged
7. Ensure printed outputs have proper security classifications
8. In accordance with Directives all computer, USB drives, CDs and electronic devices must be scanned prior to bring into exercise areas. If needed contact to SEESIM 18 INFORMATION SYSTEMS SECURITY OFFICER.
9. The workstations shall not be left logged on when unattended
10. The equipment must be protected from environmental factors that could cause damage to the system. These include dust, high humidity, sprays etc. No eating, smoking or drinking is allowed at or near workspaces holding electronic equipment
11. Data may be exported on Exercise platforms following the approval of SEESIM 18 INFORMATION Management OFFICER (1st Lt. Zafer BALKAN).
12. In accordance with Turkish National Law, number 5651, all internet traffic of users are being logged by official software.
